

Tiffany E. Haile, AICP, LEED AP BD+C

Tiffany is a Senior Planner in the Pittsburgh, Pennsylvania office of CH2M HILL / IDC Architects, an employee-owned world leader in full-service planning, architecture, engineering, procurement, construction, and operations, focused on applying technology and innovation to help build a better world.

Ms. Haile has over 15 years of experience in architectural and planning services for the industrial, technology, commercial, retail, government, and residential sectors, as well as engagements with various private development clients. She has managed public and private sector multi-disciplinary planning, urban design, and entitlement projects, including community workshops and various consensus-building efforts. She leads a highly visual, human-centered design process to both communicate ideas and establish cooperative decision making. This process captures a client's vision and serves as the basis for broad client and community support.

Tiffany is a member of the American Institute of Certified Planners (AICP), the American Planning Association (APA), APA's Economic Development Division, the Pennsylvania Planning Association, the National Association of Industrial and Office Properties (NAIOP), as well as the U.S. Green Building Council (LEED AP BD+C).

Prior to CH2M HILL / IDC Architects, Tiffany worked as a Senior Designer and Project Manager at Urban Design Associates for several years on many award-winning projects worldwide. Tiffany earned a Bachelor of Architecture degree with Honors from the University of Notre Dame. A participant in the University's Rome Studies Program as the Frank Montana Rome Scholar, Tiffany resided and studied in Rome, Italy for a year and traveled extensively studying the relationships between architecture, urbanism, history, culture, and their effect upon the design and function of traditional cities and environments.
