## PROJECT EXPERIENCE

Jeremy has developed a wide variety of projects, ranging from high-rise luxury hotels to a polar bear habitat and viewing building, a sustainably built crime-lab, affordable single family homes, cutting edge K-8 schools, the entry and space-shuttle museum at the Kennedy Space Center, sustainable affordable housing and community center in a retrofit school, and more. His role as a sustainable design leader has resulted in dozens of LEED certified projects, and he is a thought leader in the emerging field of Public Interest Design.
