March 2011 Progress

<p>YAF/YC Joint Educational Seminar KM, AS, AH</p>	<p>1/10/11: Tom suggested that we discuss problems our profession needs to be solving. Sean similarly posited that we try to tackle hot button issues, such as the change-order process, or the breakdown of trust and animosity between various parties in the building process. We should try and retain outgoing speakers. Ryan from NAIOP could also assist, incorporating the owners' side of things. Tom also suggested that we try to get someone from outside of Pittsburgh to present. 2/9/10: Not discussed. March 2011: Not discussed.</p>
<p>Continuing Education Component MBD</p>	<p>1/10/11: Per Melanie, Steve Lee and Grant Scott are working on IDP courses to aid young architects gain experience in areas beyond CDs. It was noted that these sessions should be more hands-on and less bland lecturing. IDP 4.0 requirements need to be reviewed by all involved. 2/9/11: Melanie indicated that this refers to a "Continuing Education Component," not necessarily limited to IDP. Suggestions include Suzan Lami's "Accounting for Architects" talk. Also, try to implement the 2030 Challenge. Could also influence YAF components for 2011 Build Pittsburgh event. March 2011: Briefly mentioned at 4 March 2011 Weave and 29 March 2011 AIA Pittsburgh Board Meeting Presentation; shall discuss at April meeting.</p>
<p>ARE Study Nights</p>	<p>Goal to have one study night per month, outside of ARE Review Sessions. These may be more ad hoc in nature. Also, these events should be free, and would allow us to eventually charge for the ARE Review Sessions. March 2011: Informal study group to be implemented on a trial basis. The first session will focus on the Structural Systems division of the exam and will take place on April 12, 2011 at Graves Design Group, 223 4th Ave, Suite 600.</p>
<p>Grassroots 2011 Recap SH</p>	<p>2/9/11: Safiya Hodari presented some of the major themes from the Grassroots Conference, and also discussed items such as The Weave planning initiative, the Tri-State Conference, and Architects' Day.</p>

Joanna Beres attended. Future collaborations TBD at April meeting.</p>
<p>Venture Outdoors/PHLF/Urban Hike</p>	<p>Sean is looking for ideas on how YAF can collaborate with Urban Hike and Venture Outdoors. One goal to create an urban hike relating to architecture in Pittsburgh. Joanna suggested that we develop a 5th & Forbes/Market Square corridor hike. Mid-century modern is another possibility. A corresponding Ipod application as per AIA San Francisco is a desirable precedent to follow. March 2011: Briefly mentioned at 4 March 2011 Weave and 29 March 2011 AIA Pittsburgh Board Meeting Presentation; shall discuss at April meeting. Joanna spoke with Louise Sturgess at PHLF about collaborations. Joanna is attending a CMU campus tour on April 11 as a primer, and would like to develop above mentioned tour. Follow up actions to be discussed at April meeting.</p>

Operations

The results of this discussion are attached. 3/29/11: YAF Officers attended the April AIA Board Meeting and presented YAF Activity and Initiatives. Copy of presentation is attached.</p>

<p>Budget MBD, RK, CB, KM</p>	<p>1/10/11: Elizabeth will be working with Anne and Rachael to present us with the 2011 budget. In addition to the funds raised from Tailgating and T-shirt sales, Gateway Engineers made a generous \$1000 donation to YAF. It was noted that we should send them a T-Shirt and a letter of thanks. 2/9/11: Rachael reviewed budget concerns. She said to create a budget for YAF, with costs and expenditures, and she will work it into the overall AIA Pittsburgh budget. March 2011: Briefly mentioned at 4 March 2011 Weave and 29 March 2011 AIA Pittsburgh Board Meeting Presentation; shall discuss at April meeting.</p>

March 2011 Progress

<p>Fundraising Tee-Shirt Design/ Sales, other fundraising efforts KL, KM</p>	<p>1/10/11: T-shirts were distributed. It was mentioned that the Philadelphia chapter charges for all events. Carl noted that more people attend events with a fee versus free programs. For future ARE reviews (next year?) perhaps we charge a modest admission, and possibly sell bundle packages to attend as a revenue stream. Likewise, we may seek out sponsorship opportunities (which cannot take away from AIA donors or events). We may also try to have a raffle at one of our gatherings. 2/9/11: Ideas to be discussed with Rachael at next meeting. March 2011: Briefly mentioned at 4 March 2011 Weave and 29 March 2011 AIA Pittsburgh Board Meeting Presentation; shall discuss at April meeting.</p>

New Business March 2011:

<p>IDP Mentor/Mentee Database JB</p>	<p>After attending an NCARB presentation at CMU on 3/23/11, Sean asked Joanna to work on creating and maintaining a database of potential IDP Mentors and Mentees. Joanna will also be registering as an IDP auxiliary coordinator, becoming a contact point for the latest information from NCARB. Safiya Hodari is already one!</p>
<p>Carnegie Museums Collaboration AH/JB</p>	<p>3/21/11: Anastasia and Joanna met with Judy Burns from the Carnegie Museums in Oakland. She discussed collaborative efforts with respect to free space rental, but the meeting had an undertone of a membership drive. Perhaps this is worth exploring further with Anne, where a deal to the entire Pittsburgh AIA could be reached?</p>
<p>ESWP Collaboration AH/JB</p>	<p>Revisit this to explore future opportunities. Perhaps set up another meeting, once we have an event in mind.</p>

Next meeting: TBD April.

AIA Pittsburgh YAF MISSION: To support and encourage young professionals in the field of architecture to: obtain their license, become more involved with career development opportunities, and engage allied professionals through collaboration.
